Education	◇ The University of California San Diego (UCSD)	2025 - Present
	Ph.D. student in Astrophysics GPA: 3.914/4	
	◇ The University of Chicago (UChicago)	2021 - 2025
Appointments and Research	B.S. in Astrophysics GPA cumulative: 3.807/4.00 Graduated w. Honors	
	◇ Shady Side Academy	2017 - 2021
	High School Diploma GPA: 4.16/4.20 Cum Laude	
Appointments and Research	◇ Galaxy Halo Group [Ethan Nadler], UCSD	2025 - present
	◇ Structure Formation Group [Andrey Kravtsov], UChicago	2021 - present
	◇ Multiphase Gas Group [Max Grönke], Max Planck Institute for Astrophysics (MPA)	2024 - 2025
	◇ Dark Matter Group [Alex D.W.], Dark Energy Science Collaboration (DESC), LSST	2024 - 2025
	◇ Lens Modeling Group [Michael Gladders], COOL-LAMPS, UChicago	2023 - 2025
	◇ Particle Flow Reconstruction Group [Christian Herwig], LDMX, Fermilab	2023 - 2024
	◇ Electrodynamical Theory [Ryan Janish], SQMS, Fermilab	2023 - 2024
	◇ Exoplanet Group [Darryl Seligman], UChicago	2021 - 2022
Honors and Awards	◇ Data Science Fellowship, LSST-Discovery Alliance	2026
	◇ Heising-Simons Foundation Grant	2025
	◇ Astronomy & Astrophysics Achievement Award, UCSD	2025
	◇ Quad Undergraduate Research Scholar, UChicago	2023 - 2025
	◇ DAAD RISE Scholar, German Federal Foreign Office	2024
	◇ Straetz International Undergraduate Research Scholar, UChicago	2024
	◇ Harper Award for Exceptional Performance in a Course, UChicago	2024
	◇ Summer Research - Early Identification Program, The Leadership Alliance	2024
	◇ Jeff Metcalf Fellow, UChicago, LSST, & Fermilab	2023, 2024
	◇ Dean's List, UChicago	2022
	◇ National Merit Scholar	2021
	◇ Cum Laude Society, Shady Side Academy	2021
Publications	◇ Zewei Wu, Andrey Kravtsov, & Harley Katz. “Effect of ionizing photon escape fraction in faint galaxies on modeling reionization history of the universe”, <i>Open Journal of Astrophysics</i> , (in review 2025), https://doi.org/10.48550/arXiv.2511.07543 .	
	◇ Zewei Wu & Andrey Kravtsov, “On the Contribution of dwarf galaxies to reionization of the Universe”, <i>Open Journal of Astrophysics</i> , (2024), https://doi.org/10.33232/001c.121193 .	
	◇ Andrey Kravtsov & Zewei Wu, “Densities and mass assembly histories of the Milky Way satellites are not a challenge to Λ CDM”, <i>Monthly Notices of the Royal Astronomical Society</i> , (2023), https://doi.org/10.1093/mnras/stad2219 .	
	◇ H. Arora, Z. Wu et al., “Photometric analysis and light curve modeling of apparent transient 2020pni”, <i>Journal of Emerging Investigators</i> . Oct, 07. (2022), link .	
	◇ Zewei Wu, Hitesh Kishore Das, & Max Gronke, “Turbulent three-phase simulations of the Circumgalactic Medium”, <i>Monthly Notices of the Royal Astronomical Society</i> , [In prep 2026].	
Leadership and Advocacy	◇ Astronomy Graduate Council of A&A, UCSD	2026 - present
	◇ Departmental Communications Committee of A&A, UCSD	2026 - present
	◇ Ryerson Astronomical Society, UChicago	2021 - 2025
	◇ Editor in Chief of the <i>Science in Society Review</i> , UChicago	2023 - 2025
Teaching	◇ Undergraduate astrophysics teaching assistant for 3 classes at UChicago, 2 at UCSD	2022 - present
	◇ Self-organized voluntary teaching in Shicheng Elementary School in rural China	2018 - 2024
Technical Skills	◇ Telescope (on-site & remote) usage includes twin Magellans , Stone Edge , and Leitner	
	◇ Python, C++, HPC/ssh, bash, Java, Wolfram, C#, html, $\text{\LaTeX}$	
	◇ ~10 open source software repositories: github.com/Zewei-Wu
